We have been reading the Magic Tree House series and have finished books 1-14. The kids are really enjoying them so I thought if you'd like to continue reading these with your child you can start with book 15. The mysteries are usually solved in 4 books (so next group is books 13-16), but not necessary. They can be bought at any book store or online and are about \$5. They are also at your local library.
