## Reading at Home

Reading at home for 15 minutes a day is so important! When you read with your child, please remember to be a partner in their learning. Instead of just telling them a word they don't know, give them a chance to figure it out on their own. Encourage them to sound it out, look at the pictures for clues, or use the other words in the sentence to help. The goal is to help your child become a confident and independent reader. Thank you for your support!
